## COACHES CORNER by NICK MARSHALL

Over the last two weekends there have been some outstanding results and performances by our team. Where largely the big improvers and best performers have been those who have been training the most. I won't be able to mention everyone, but here are a few that stood out. Little Jack (Maloney), was new to the group this year but has trained really hard and gave the field at branch in the swim final the shock of their lives when he lead them out to the swim cans.

"The three Musketeers", Brent, Mat and Kota were desperately unlucky in a few of their team events, but not from lack of effort or training, so keep up the good work guys.

Charlie finally unleashed the inner aggression and attacked the water, and raced so much more competitively for doing so.

The not so big surprise for us, but big surprise for the other clubs was Damon, racing in the Under 11's swim teams, he crossed the line 4<sup>th</sup>, and is only 9 years old, so watch out next year.

Our performances were good, but can be a lot better. Largely the mistakes we are making on race day are the same ones we are making regularly at training, and so remember what we do at training mirrors what we do when we are tired and when we race.

***So perfect training leads to perfect racing.***

There is not long to go now until State Titles so it's time to really train hard and focus on your goals.

See you all at the beach soon.

Nick

## SURF SPORTS by DARREN SESSARAGO

Hi All ,

Part of the way through the very busy part of the season and looking forward to the States & Aussies to cap off the season. We have had some great results throughout the year and last month was no exception.

### U8-10 Branch Little Dudes

We were represented by around 20 prospective Surf Sports talents in this event & all kids had a good fun time. This Carnival is non competitive (for good reasons I think) & it is a good development opportunity for all participants. We had some extremely good performances throughout the event & the parental assistance on the day was admirable. A bright future for some of these kids is obvious and with a little extra emphasis on attendance to training sessions, good times are ahead. Big thank you to Darren Gray, Age Managers, Water Safety & Officials Wayne Homer, Jim McHugh & Julie Pavey. We still require more officials guys so I would encourage parents of these kid in particular to look at doing Officials Course so that their kids can continue to participate.

### U11-14 Branch Titles

Big tides & lack of beach meant that these titles were moved to Bilinga where conditions were perfect & some good racing took place. We had some nice results over the 2 days & this Carnival is the basis for selection of the State Team. All Under 11 events, Team Events & Iron Events are qualifying events for State and our State Team (which is virtually our Rep Team). We base selection of all other State Events Reps on results from this Carnival & GCC Titles events , Fastest Man on Sand and so on, so participation in these events & prior participation are the core of State team Selection . We urge anyone keen to have their children involved in the State Titles to make sure they participate in these prior events, training sessions, fundraising activities & assist in Age Managing, Officialling , First Aid or Water Safety to be eligible for selection . Branch saw a wonderful performance from Noah Tuicakau who burnt up the sand to capture a Silver Medal in the U13 Sprint. Sally Allan was her consistent self with a 4th placing in the U14 Swim as well. Most Notable results were:

### WHAT TO HAVE YOUR SAY NEXT SEASON OR MAYBE JUST BE PART OF A GREAT CLUB!

#### ***We need you!***

Like any voluntary associate the club relies heavily on the active involvement of parents. The club cannot function without people volunteering their precious time. There are a number of ways you can assist our club. See below for some ideas.

As is often the case year after year a lot of the work is left to the same few individuals who devote their time tirelessly to keep the junior activities program functioning. Many hands make light work and it would be of tremendous assistance if you could contact your Age Manager with an expression of interest to assist in one of the numerous roles essential for the ongoing operation of the junior program.

This year, we will lose a lot of valuable volunteers as their children graduate to the Seniors Club. We need as many volunteers to fill positions that will sit vacant unless you volunteer. There will always be someone to help you and If we can get multiple nominations for each position, you can share the load with someone else.

#### ***Don't leave it up to someone else! Put your hand up now!***

What Job can I do to help?

Rather than be passive spectators, we are asking for parents to assist their children and the Age Managers by supporting any of the following activities:

- ✓ Active Committee Members – All positions are open now for nominations – see attached nomination forms – ***There will be many positions left vacant due to families moving to Seniors!***
- ✓ BBQ Co-ordinators
- ✓ Water Safety [for those with SRC or Bronze Medallion qualifications]
- ✓ Age Managers [Age Manager Course available]
- ✓ Official [Officials Course available]

Once upon a time there were four people named

**Everybody**  
**Somebody**  
**Nobody**  
and  
**Anybody**

**Anybody** could have done it but **Nobody** did!

When **Nobody** did it **Everybody** got angry because it was **Anybody's** job.

**Everybody** thought that **Somebody** would do it but none realised that **Nobody** would.

So it ended up that **Everybody** blamed **Somebody** when **Nobody** did what **Anybody** could have done in the first place.
